**Subject:** Re: Mainlands 6 and 7 Agreement to Hire City Liaison

Steven,

To the best of my knowledge, Mainlands Section 6 has not ever made any payments regarding any issue that sounds even remotely similar to what you have described.

If you stumble across any information that suggests the credibility of this document, I'd be interested in hearing about it.

Sincerely,

Richard F. Hamre  
President  
Mainlands Section 6 Civic Association, Inc.

Greetings Mr. Hamre,

My name's Steve Soloff, and I'm a homeowner across the street in Mainlands 7. I apologize for bothering you, but I was hoping you could help me solve a problem that has been dropped in my lap.

I was recently made aware of a document that purports to be an agreement between the presidents of Mainlands 5, 6, and 7 and the City of Tamarac to hire a liaison to work with Prestige Homes regarding the Sabal Palm development. The document appears to be from March 2008 and it obligates both Mainlands 6 and 7 to pay a "City liaison" \$2,575.00 per month for a period of up to 24 months.

I've attached the document for your reference. I apologize for the poor quality -- that is how the document was given to me. Apparently, a document of similar quality was presented to the treasurer of the Mainlands 7 Board of Directors in July 2011 to convince them to issue a check to one "Michelle A. Charger" in the amount of \$2,575.00 with the memo "LIAISON FOR CITY OF TAMARAC".

As you can see from the document, any official seals that may be present are illegible. Therefore, before I go to the City records office and ask them to perform a search that could potentially take a long time, I thought it would be prudent to simply query the Mainlands 6 Board of Directors if they were aware of this agreement. If the document is

authentic, has Mainlands 6 made any payments to the City liaison? If so, was that person Michelle A. Charger?

Again, I apologize for interrupting your weekend. Thanks for any insight you can give me into this document.

Regards,  
Steve
